"Challenge Yourself"  
1981 Challenger  
Kellam High School  
2323 Holland Road  
Virginia Beach, Virginia 23456

Ricky Kwiatkowski

The courthouse shows its beauty from a different angle.

After twenty years, Kellam is still home to many students through most of the seasons.

# Out and About . . .

Kellam district falls right in the middle of the Municipal center of Virginia Beach. The Court House, the School Board Administration building, and many others are housed at the center. The buildings have a colonial style of architecture; the church across the street and many of the surrounding houses reflect this style of architecture.

St. John's church seems to emit an aura of peace and tranquility.

The beauty of this scene is one the citizens of Virginia Beach feel proud of.

Jim,  
Hey cutiel You're  
real cute! You've  
got some great  
lookin' legs. You're  
a runnin' somebody.  
Don't go to crazy on  
the 1984 people on  
the bulletin board.  
(HA, HA).

Since Kellam's beginning, it has been surrounded by beautiful houses.

Stay crazy, and  
don't let Eric  
get on your nerves  
Luv ya,  
184 LISA  
ANDERSON

What did he say?

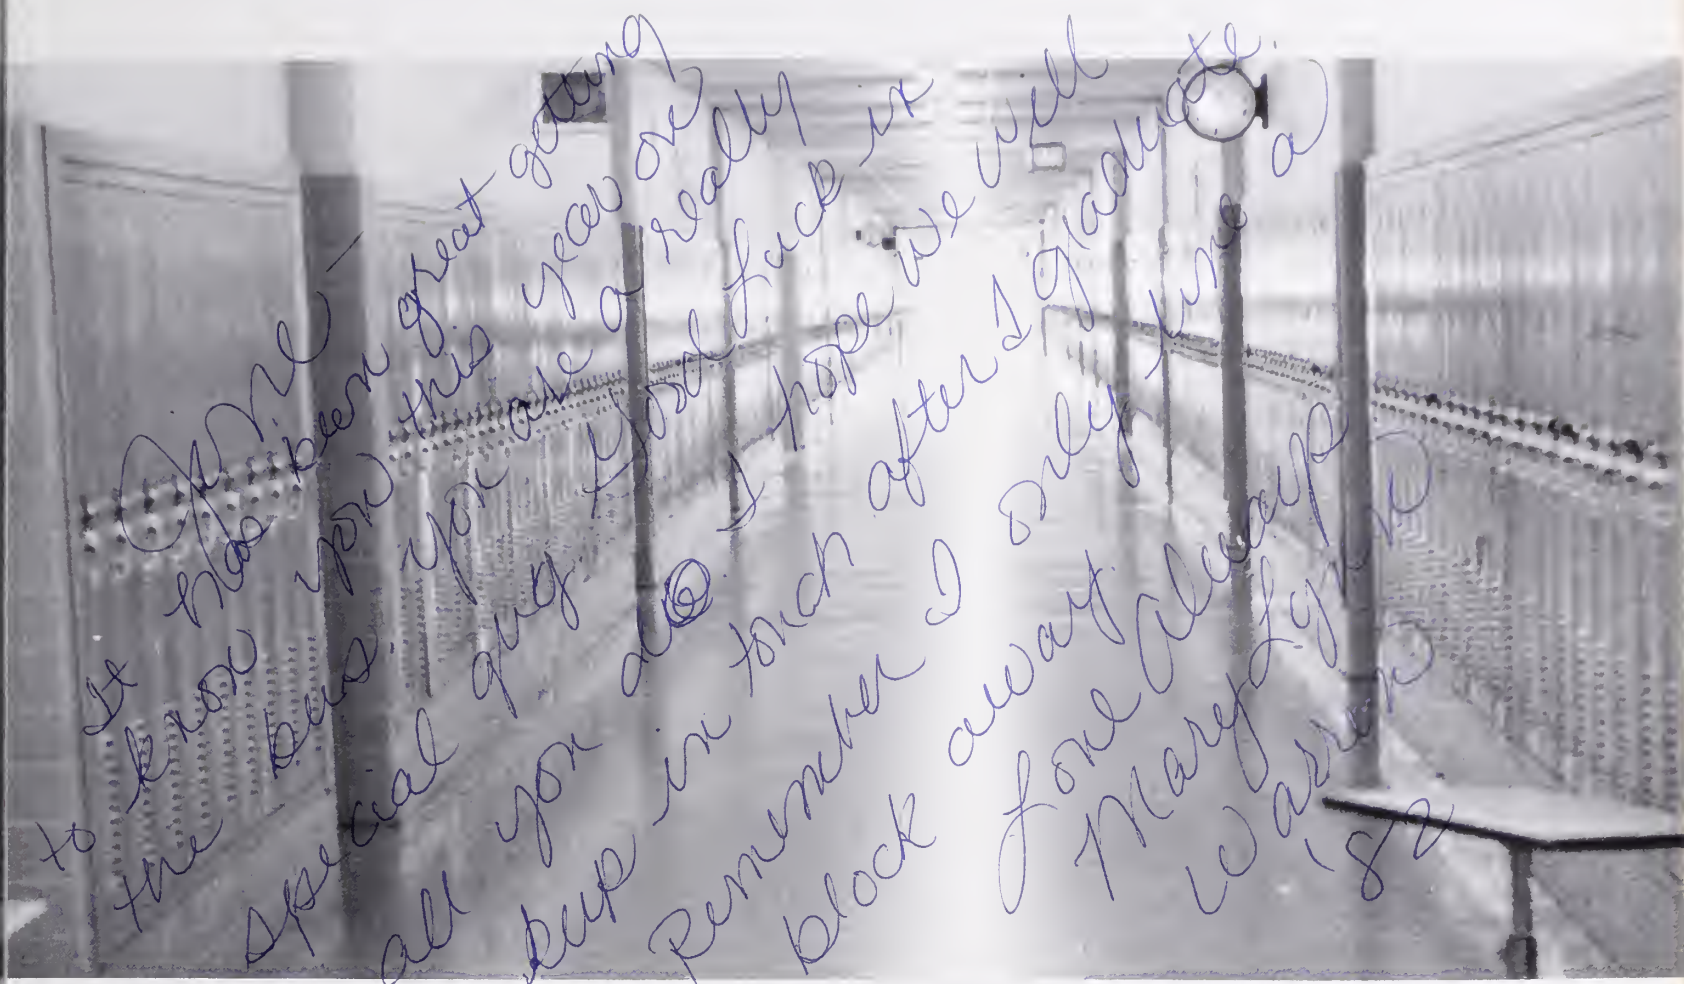

Having so many farms around Kellam, tender scenes like this one are familiar.

To most people, school is a very challenging pasttime, one that requires much hard work and dedication. For it can only be dedication that keeps us getting up at 6:00 A.M. to leave our nice, warm beds to step out into the 30° weather to freeze our toes off while scurrying to get dressed. There are also many long hours of practice for band and sports and hours of hardwork in the many different clubs and student activities. Some work hard in ways other than studying; they diligently labor to bribe teachers and buddy up to them. There are also the treacherous hours of sitting through torturous lectures pretending to be interested while really dreaming of the many **fun** activities to be enjoyed: such as horse-back riding, surfing, partying, and sleeping! Alas! Finally the clocks and empty halls signify the end of another day. One less day left of the school year!

And heres the line up, which of these vicious, cruel-looking criminals did it?

Not common to Kellam; a tranquil, calm, and empty hallway.

OK, Mugsy, if he won't give us the "info" let's take 'em for a ride.

And the first contestant in the Mr. Kellam Contest, Mr. Correll.

Senior Homecoming Attendant, Stephanie Williams and her escort, Mr. Frank Williams.

Junior Attendant, Dora Petty with her escort, Benny Sawyer.

Last years Homecoming Queen, Cindy Ringer with Mr. Hill.

The 1981-82 Homecoming Queen, Sandra Brininger, with her escort, Tom Felch.

# 1981-82 Homecoming

Junior Attendant, Lori Green, with her escort, Mr. Green.

Sophomore Attendant, Rosa Garcia, with her escort, Mr. Garcia.

# An Unbiased Opinion

Referees, what could we do without them? How big a role do they play at our games?

Without the referees, no one would ever officially win, plays would never be settled.

A referee must be impartial yet fair, a difficult thing to do. He must know all the rules and regulations of football in order to make a fair decision.

Not many people notice a referee until they disagree with his decision. So, the next time you start to yell at the referee's decision, remember that we need an outside, unbiased opinion to settle our differences.

For the first time in 10 years, Kellam had a bonfire.

The football team anxiously waits for the time to burn dummies.

Go for the gold, Giffredi!

Cheryl Keenan knows the float's not that bad.

The winning float by the Jr. Class proves that hard work and determination always pays off.

Its just another happy ending.

# Homecoming Sparks Spirit

With a rainbow of colors, the Madrigals await the announcement of the winners' float. Dreamland seems to be a place we all want to be.

Barbara Schaarschmidt and her boyfriend Mike Evans pose nervously for the camera.

The Literary Art Club's Dragon threw fear in our opponents hearts and minds. It must have taken a long time to make this float.

# Spirit Week

David McRae and Maria Walsh show their true colors on Country Day

Could you tell me where I can get a map?

Many students showed their school spirit by joining in on the Spirit Week festivities before homecoming.

On the first day of spirit week, students wore old jeans, straw hats, and flannel shirts for Country Day.

The second day was Tourist Day, and the students wore sunglasses and shorts. Most of them carried cameras.

The third day was New Wave and Punkers' Day. Students really showed their spirit on this day. They wore miniskirts, plastic trash bags, and mismatched articles of clothing. Some students even went as far as coloring their hair red, green, or blue.

Dress Up Day was the fourth day. Girls were in dresses, guys, in suits, and everything done to perfection on this day of spirit week.

On the fifth day of this memorable event, the students showed their Kellam Spirit and pride by wearing the ol' black and gold.

Jim,  
It has been  
very educational  
sitting but you in  
U.S. I really enjoyed  
because you legs are so  
sad, actually they are not  
I am really glad I

# Knights Of A Different Order.

One, Two, Three...Kick

Kellam psychs itself up for another game.

First in the procession of our mighty Knights.

Look out, here come the Knights!

Coach Garret, once again turns away from the scoreboard.

Essential to the success of any school is the role of the faculty. Although they have different titles — Principal, Assistant Principal, Guidance Counselor, Teacher — they function as one to provide leadership and guidance for the students.

As instructors, disciplinarians, and often as friends, the faculty members help inspire and push students toward excellence. They feel that students need to do more than just the bare essentials. Beyond reading, writing, and arithmetic, teachers encourage students to participate in sports, clubs, and other extracurricular activities. Many faculty members serve as coaches and club sponsors. Recognizing the extreme importance of activities outside the classroom, these teachers remain at school long after classes have ended. Along with afternoons and many evenings, teachers spend weekends and other days off with their clubs and teams.

Often swamped with paperwork, our guidance counselors and principals always make time to help students. They help with problems both personal and academic. Counselors provide information on test scores, colleges, and occupations. These counselors give support in a student's pursuit of higher education and encourage students to go on beyond high school. The principals provide discipline and leadership.

Faculty members who are not coaching are often our most enthusiastic and supportive fans. Looking into the crowd at both home and away games, you will often find a group of excited, spirited faculty members cheering loudly for our team.

Together, our faculty provides guidance and inspiration for the entire student body to make the learning experience a memorable and rewarding one.

# The Cornerstones

Letcher Hill  
Principal

Kenneth Lumpkin  
Assistant Principal

Leading and governing the students of Kellam High School is the chief purpose of the Administration. Under the supervision of Mr. Letcher Hill, Kellam strives to maintain its standards of scholarship and athletics.

Assistant principals, Mr. Kenneth Lumpkin and Ms. Joanne Belda, aide Mr. Hill in his administrative duties. Each assistant principal is responsible for a section of the student body. Those people with last names beginning with A-L consult Mr. Lumpkin and those beginning with M-Z get advice from Ms. Belda.

This team of fine administrators encourages students to do their best during their years at Kellam.

## Serving The Student

When students feel down and troubled and when they need a helping hand with schedules, they have friends, four to them: Ms. Predmore, Mr. Setzer, Mrs. Mitchell and Mrs. Whiteway, Kellam's guidance counselors. These

counselors shuffle schedules to get students the classes they want and advise students on what they should take. Questions about colleges and test scores can be answered by your guidance counselor.

# Teaching a Trade

Herman Valentine, I.C.T.

There are many different math classes at Kellam. Some of them are more difficult than others. The terminology used in math courses is unlike any other. It takes special skill to teach these words, with their strange pronunciations, to students. This skill is evident in our math teachers. These teachers prepare students for college courses which will be similar. The computer science course teaches skills for a future of computers.

Skills for a future trade are also taught at Kellam. Fashion Merchandising, marketing and shop skills are taught by a group of teachers who are themselves skilled in these areas. These courses will help many students get jobs and secure a good future for themselves.

Reading and writing. Sometimes it seems those are the only things English teachers know how to assign. We read books that are not always interesting, but the teachers are more interesting than the plot. Understanding the author's reasons for writing and

figuring out the themes and morals to these stories are more interesting tasks than remembering who the main characters are. Some day, students will say thank you to their English teachers for assigning reading and writing.

# Down To Basics

The English Department has found it necessary to spend more time on the basics. The commas, semicolons, and apostrophes. These teachers want to make sure that students master these skills before moving out into the world. These teachers must also spend the time so that students will pass the Minimum Competencies required for graduation. Students must understand that these teachers do not teach grammar to frustrate the students. They are doing it to help the students make it safely out of school and into the outside world.

# The Show Never Ends

The music and art departments provide students with the opportunity to display their artistic talents. Band performances, choral concerts, and art shows let other students see just how much these young artists have learned. Mr. Dorosz, Mr. Correll, and Mrs. Gibson are responsible for the motivation and practice these students need to perfect their talents. Starting at the beginning of the year these three teach, guide and even push their students toward excellence. Without such skillful motivation the show might never begin.

Government and History teachers try to help students analyze and understand events of the past. They try to make the courses more interesting for everyone by going beyond the printed word. Since everyone is required to take history and government, classes are not always small. The large classes could cause teaching and learn-

ing problems, but our teachers seem to find ways to work with large numbers of students. The facts learned in these courses can help the students, as future American leaders, not to make the same mistakes of the past. These teachers are playing an important part in the future of the world.

There is more going on upstairs in those business classes than typing.

Although typing is a major subject taught in the business department, students can take classes dealing with law, economics and accounting. These classes are not only useful to students who are planning to enter these fields as a career. Classes such as Business Law provide knowledge that everyone should have regarding rights, laws, and general facts.

Webby,

Darling ... what would I have done without your sexy legs encouraging me not to give up life. Your devious glances make my heart a-flutter! When are you ever going to come line with me in Hag-o-mar? You can come this summer and teach me to run all those miles like you do. I hope you don't mind my mini skirts cause I don't want you to think I dress too provocatively! Just go shopping with me and I'll let you be my fashion coordinator (only I hope you passed Killer Nielson's class because you're pretty unbearable the only class thing in.

Describing the student body of a school is not always easy. Our school has people from many different places and with many different interests, but one set of adjectives cannot describe the school as a whole.

The students of our school are supportive spectators at athletic events. Cheering loudly for teams that did not always win, we were behind them one-hundred percent, win or lose.

In active support of the school's clubs, students bought up all the things that were sold. Pens, pencils, and T-shirts bearing the school's name and mascot were all over the school. Grams for every holiday and carnations and mums were sent to friends and loved ones in support of one club or another.

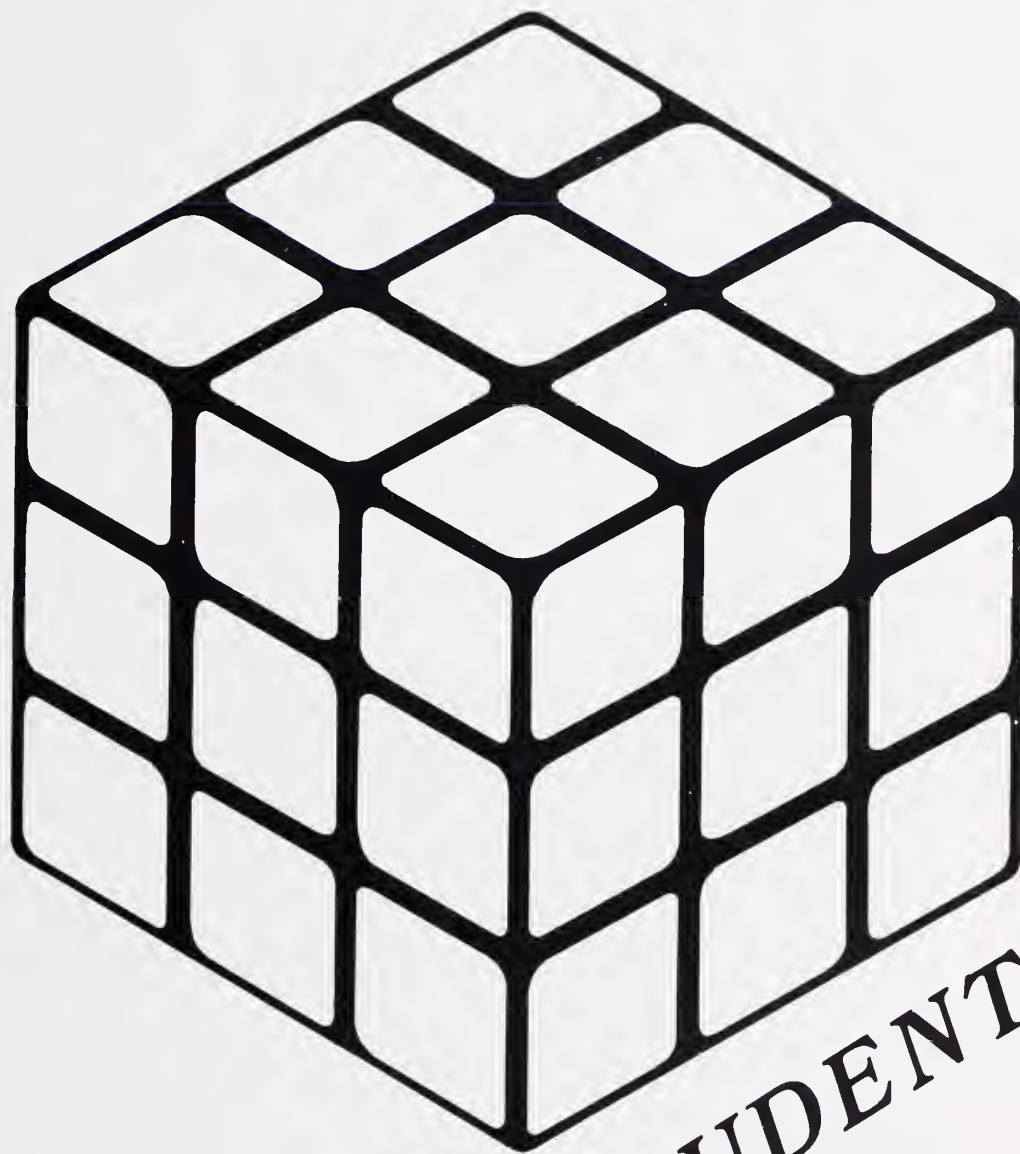

From two different junior high schools and often from two distinctly different parts of the city, students meet and merge into one group at the beginning of every school year. The old junior high school rivalry is a hard habit for some to break, but it is done.

The challenges of making friends so different from yourself and working alongside someone from another area are met with enthusiasm and little difficulty. The diversity of the student body makes our school an interesting one to attend.

I really don't know what I'm writing. I guess it's just a bunch of mumbo-jumbo. I really would like it if we could get together and go waterskiing or sailing or something this summer! If you're ever not doing anything important, give me a call and hopefully we can set something up. You've changed so much since our childhood days → it's un-REAL! I'd like to visit the old homestead and I hope we can be super-good friends in the future. Love + Friendship PROMISE (426-6779) Michelle Workman

STUDENTS

It is very difficult for the Sophomore class to raise money for the Crystalball. Every club gets its pick of projects first because they have seniority. Yet, the class of "84" has gotten off to a good start this year. They entered a decorated truck in the homecoming parade. Their sponsor Mrs. Wernick helped them in choosing what projects they will undertake. Many have failed but the experience gained is very valuable ...

## Cheering

The cheerleaders practice long and hard for the few hours of cheering that we actually see. Yelling and cheering, the cheerleaders give support and encouragement to all the athletes. Even when teams are not always winning, the cheerleaders cheer them on. Without the cheerleaders underlying support, the athletes and the spectators would lose much of the excitement of the events.

## Apathy

Here at Kellam, the students just don't seem to care as much about their school as they should. Evidence of this statement is vandalism that the school has suffered as well as a lack of school spirit. The attendance at sporting events show the schools apathetic spirit. Attendance should be overwhelming. Support for the school and its functions reflect on the student body as a whole. This problem is a challenge we can all meet, if we try hard enough.

Empty seats are evidence of the challenge we all face.

Thad Kimble expresses his joy at Mr. Ammons' latest task for him.

As student activities coordinator, Mr. Ammons is swarmed with responsibility. To help him through his busy days, Mr. Ammons has several helpers. They spend their free bells running errands for Mr. Ammons. Without them Mr. Ammons could not survive.

# School Lunches

This year's "Might Bite" had a few changes from the old menu. Along with daily hamburgers and chicken sandwiches, the Ho-Ho's, Twinkies, and other Hostess goods were more popular than the traditional well balanced meals. The new menu provided a better variety and helped increase the number of lunch buying students.

The cafeteria crowd enjoys the days "lunch" special.

May Bugtong waves her thanks to her yearbook purchasers.

The 1981-1982 Challenger went on sale in October. Students were given plenty of time to purchase a yearbook. To many \$16.50 was a lot of money and even the \$10.00 was a bit much. All of us on the Challenger staff know that you will think it was \$16.50 well spent.

## Challenging Courses

There are several classes at Kellam that are difficult. These classes are designed to challenge the students, but sometimes they just confuse them. Calculus, Physics, and the superior English classes are examples of these classes. While conquering new horizons of knowledge, these challenged students learn more than their share.

Sherry Martin doesn't know what the teacher's talking about.

## Wicks' Wonders

Did you ever wonder who cleans up the cafeteria after lunch? Well, there are — Mr. Wicks' helpers. They push in chairs, straighten up tables, and pick up occasional pieces of paper on the floor. They work for no pay, and without them our lunchroom would not be the same.

On trashcan, Ken Deiter, Billy Holcome, Thaddus Mason, Mark White, and Tony Krug. On the ground, Art Munson, Dora Sherman, William Hoggard, Kirby Malbon, and Lee Ann Potter.

Mr. Wick's helpers have a garbage dump gathering.

# SNOW

The day was cold and damp and the sky looked ferocious, but the snow had already fallen. The snow posed problems of transportation for many of the students and faculty of Kellam. The halls were empty, the microscopic classes began with as few as three people in every room. Eventually students would straggle in, but the students were few and far between and for most people January 25th was a day to try to forget.

Bobby Hughes prepares to make the snow a little more exciting.

## More Than Meets The Eye

The library is a source of reference and enjoyment for the students of Kellam High School. Here students can find a quiet place to read and work. Books are not the only thing students will find to do in the library. There are many films, records, and magazines to aid the student in studying.

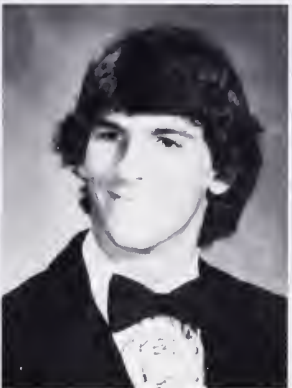

Kellam's library can be a great place to just relax.

## Dressed To Impress.

We all know that clothes aren't everything. To some people clothes aren't anything. But to Craig and Sherri clothes are a reflection of taste and character. Dressing for school is the result of hours of careful deliberation. Colors, textures, and styles must be correctly mixed to create the correct result. For these two the result is quite fashionable.

Craig Carroll and Sherri Kirby are well dressed seniors.

## Ring Dance 1981

After a not so successful sophomore year, the class of 1982 worked diligently to raise enough money for a Ring Dance. The dance, which was at the Commodore Country Club, was a great reward for those who worked so hard all year. It just goes to show that hard work does pay off!

Beth Ludvik and Tony Neydon seem to be having a great time at the Ring Dance.

The officers of the Senior class, Cheryl Keenan (President), Janine Lowery (1st Vice President), Wanda Cherry (2nd Vice President), and Robin Capps (Treasurer), lead their class into a future of uncertainty. This year's graduating class is faced with more than the usual career and college problems. Inflation has made it necessary for students to work right after school and to let college wait. Carrying the hard work and determination they have shown in high school with them into adulthood, the Class of 1982 should have no problems handling the future.

The Senior class officers are a hard working team.

Rounding out the overall high school experience, club activities are an extension of the regular curriculum. Rather than going home immediately after school, students stay after and meet with organizations. There is a club that suits almost every student's interests.

Service clubs such as Junior Civitan, Key Club, and Keyettes spend their meetings planning events and activities to help others. Language and other co-curricular clubs provide the opportunity for students to learn more than what is taught in class. The language clubs — French, German, and Spanish — teach the students the culture of foreign nations. DECA (Distributive Education Clubs of America), VICA (Vocational Industrial Clubs of America), and FHA (Future Homemakers of America), are clubs for students taking the related subjects. The sophomore, junior, and senior classes have senates whose members vote on everything the class does. Often, these are the most challenging clubs because they must raise large sums of money. The SCA (Student Cooperative Association) is the club that unites the students. Students come together for different projects which are often service oriented and contribute to the community. The ICC (Inter Club Council) is the group of students who decide what projects may be done by which clubs. We have many opportunities at Kellam to meet this Challenge and make a difference in our school and community.

# Music Turns To Trophies

October was a busy month for the Marching Knights. The Kellam Marching Knights participated in the Richmond Band Day Festival on October 4th placing 2nd in Class A competition. The band then attended the 1st Annual Virginia Beach Marching Classic and placed 1st Place Band, 1st Place Color Guard, and 1st Place Drum Major. After a week of rest and recuperation the Marching Knights then competed in the Tidewater Festival of Marching Bands placing fourth in its class. The Marching Knights finally closed its long season on October 31st at the O.D.U. Marching Band Classic placing 2nd place overall, 1st Place Percussion, 1st Place Drum Major, and 1st Place Color Guard. In addition to all the rehearsals and competitions the Marching Knights were present in full force at the home football games to support the team and project school spirit and pride.

During the concert season the band presented a Christmas Concert, Winter Concert, and Spring Concert. The band also attended the annual district concert festival and solo ensemble festival and did quite well at

Comme toujours "Les Amis Français" ont passé une année fabuleuse en dansant, chantant et bouffant! Le début de l'année scolaire était fêté à Redwing Park avec un pique-nique de tous les étudiants de langues étrangères à Kellam. Pour notre "Homecoming" le club a décoré un camion nommé "l'île de fantaisie." André Mina était "Tatoo" et André Crain était "Mr. Roark". Le club a gagné de l'argent avec la compétition "Rocks for Rocks." On a fêté Noël avec le club espagnol à Bow Creek Rec. Center. Pendant toute l'année les danseurs de club se sont entraînés pour l'événement le plus important de l'année — le Fête de Langues Étrangères de Va. Beach qui a lieu au mois de mars. Avant la fin de l'année les membres de club veulent visiter Busch Gardens et dîner dans un restaurant français. Peut — être quelques élèves vont assister au camp français à VPI pendant l'été ou bien voyager en France s'ils ont de bonne chance.

# German Club

Mit 27 Mitgliedern war es ein lebhaftes Jahr für den Deutsch Klub. September begann mit einem Picknick mit den anderen Sprachklubs in Red Wing Park. Im Oktober fand Homecoming statt, und nach schwerer Arbeit gewann der Klub den Preis für das beste dekorierte Auto. Es sah aus, wie das Knusperhaus aus der Geschichte von Hänsel und Gretel. An einem nassen Oktobertag machte der Klub einen Ausflug nach Busch Gardens. Im November hielt der Klub einen Musikwettkampf, und Queen wurde als die populärste Gruppe von den Schülern gewählt. Die Mitglieder assen Würste und Sauerkraut auf einem Oktoberfest in einem Stall, spielten Poule auf einer Weihnachtsparty, und planten andere Feiern im Frühling zu haben. Acht Schüler übten deutsche Volkstänze das ganze Jahr, und machten Vorstellungen bei dem Pavillion für den Mistletoe Mart, Kempsville Junior High, Lynnhaven Mall für Foreign Language Week, und Norfolk Collegiate. Die Tanzgruppe Ritter und Rösser bestand aus Schülern von Kellam und Green Run, und bekam Lob überall, wo sie tanzte. Der Klub hatte dieses Jahr Vor, im Frühling eine Reise nach Pennsylvania Dutch Country zu machen.

# Key and Keyettes

Key Club is a high school organization which pledges to build our home, school, and community. Key Club, sponsored by Kiwanis International, radiates the positive attitudes of its officers, Denise Elliott (president), Mary Beth Mina (vice-president), Eric Cooper (treasurer), and Bobbi Page (secretary), as well as its members.

The Kellam High School Key Club had a most successful year. Among their activities was a continuous project with the Camelot Hall Resting Home. Firm friendships were made with the patients at Camelot. Key Club also worked on an ecological project — planting dune grass in order to prevent erosion of beach dunes. The projects were successful and allowed the club to follow the theme "Pursue Tomorrow's Potential".

The citizenship qualities and responsibilities of the Key Clubbers

proved that the youth of today truly care about their world and its problems.

The Keyette Club is a small, but prominent service group at Kellam. This hard working organization is active in District and International Keyettes as well as in serving the community. This year the Keyettes raised money for the Ronald McDonald House, the Heart Fund, and the Special Olympics. Keyettes were also involved in a Big Sister Program with Court House Elementary School; and they helped promote the Keep Virginia Clean Program. With only seven returning members this year, the Keyettes had to struggle to survive, but all the effort paid off. The Keyettes were able to actively participate in the Keyette International Convention held May 12-14, in which Keyettes from across the United States and overseas were able to unite.

Signs played an important role in the sale of Keyette two year planners.

# Library Club

Library Assistants: front row: Bobby Burrage, Heidi Williams, Wendy Hewitt, Cathy Taten, Kitty Taylor, Kim Davis, Terry Lynn Miller, Pam Roberts, Eric Hartman back row: Sandy Heacock, Marc Carr, Dan Loftus, Kevin Brocki, Ragine Harris, Sarah Morris.

The Library Club is a service club whose members serve the staff and students of Kellam as assistants in the library and video technicians in the classrooms. The Kellam Library Club's purpose is to improve the library in appearance, and service, and the members work enthusiastically towards this goal.

The Library Club sponsored a Rubik's Cube contest and a Book Fair to raise money for the Library Scholarship Fund.

The highlight of the year for the Library Club is always the celebration of National Library Week. During this week the club members and library staff presented special programs of music, drama, contests, speakers, and films to advertise the library and all its many facets.

# Intellectually Speaking

The Forensics Club is a small but elite group of fast-talking students, founded so that those who wish to be on the Forensics team will get the necessary practice. Each member chooses from four categories — Extemporaneous Speaking, Original Oratory, Poetry, or Prose — and then selects their personal choice to read in competition. Members learn to create speeches quickly under pressure and to make people believe what is said. Members also learn to read poetry and prose with clarity and emotion.

In their second year at Kellam, the Forensics Club once again successfully completed a silence-a-thon. However, not one member was able to maintain silence for an entire school day. This just goes to show that they are a fine group. Who has ever heard of a Forensics Club that didn't talk?

David Baust takes notes on a presentation.

The illustrious Kellam Debate Team. Who? Yes, the great Kellam Debate Team. The veterans: wise and experienced captain Scott Brown, the witty and resourceful David McRae, the illogical and insane Mike Foy, and the new talents: talented Michelle Workman, eager to learn Lisa Johnson, practical and dynamic Lynette Vango, and great potential, David Baust.

The Debate Team has terminated the career of more enemy debaters than any other high school team. Kellam is noted for its 1-2 counterplan punch, the fiat shuffle and the cross X kick. The team's style has livened many a boring debate. Sarcasm and humor are Kellam's best weapons on the debate battlefield. With the indescribable leadership of Mrs. Joanne Lewis, the Debate Team has worked to provide the wins the school needs. Next year promises to be greater with the addition of returning debaters and new talent.

We now stand ready for cross examination.

# Cheerleaders Spark Enthusiasm

Signs in the halls encouraged teams as well as fans.

The cheerleaders practice one of their many stunts with the aid of Gerry Quick.

Cheerleading isn't just going out to the football games on Friday nights. In fact, it's much more than that. The cheerleaders work all year to support each and every team and promote school spirit. This year the cheerleaders sponsored a pep rally, held a bonfire, and honored the athletes by holding breakfasts and dinners

for the individual teams. In the summer, the girls attended a cheerleading camp at William and Mary College where they won the NCA Spirit Stick award. The squad also participated in the ODU/K-94 Cheerleading competition where they won fourth place and the Norfolk Collegiate competition where they won second place.

Due to lack of student participation, the charter of the Naval Junior Reserve Officers Training Corps (NJROTC) was revoked at the end of last year. Enthusiastic members, however, continued to take related courses and wear their black, medal laden uniforms to school periodically. They take classes in Naval Science and other courses that will prepare them for a military future. With the NJROTC training they receive these students will help keep our country safe for democracy.

# Junior Senate

The Junior Class of 1982 was busily at work constructing projects to raise money toward a goal, the Ring Dance. Their projects included such things as a Car Wash, Bowl-a-thon, and other miscellaneous fund-raising activities. They also included a community service project during Thanksgiving. Each Junior English class was asked to bring in canned goods. The class with the most canned goods received a prize for their involvement.

The Senior Senate has worked very hard this year on several major projects. The Senate's work centers around the Prom, May 1, at the Commodore Country Club. The senators have also worked on several new projects like sponsoring their own holiday "Midwinter Blues" on January 22 to escape the doldrums of winter. Another project which we attempted to renew at Kellam was a fashion show. The senators worked with local merchants to see if they could produce a fascinating show which would attract student interest. Seniors also work with graduation proceedings, but final plans were up to the School Board and the Administration.

The Sophomore Senate's major goal for the year was to have a Crystal Ball, which has not occurred for the last three years. In order to have the Crystal Ball, the Sophomores have to rely on fund-raising projects. Among these projects, the Sophomores planned to have more projects as the year went on. The Sophomores Senate consisted of twenty-six members and was sponsored by Mr. Smith and Ms. Wernick. Senate officers were: Tracy Bartlett, President, Kim McLaughlin, Vice-President, Debbie Tuure, Secretary, Gina Gray, Treasurer.

# National Honor Society

The purpose of the National Honor Society is to encourage scholarship, promote leadership, render service, and build character. At Kellam a formal induction ceremony is held each spring, and students who excel in the membership qualifications of scholarship, leadership, service, and character are inducted into the NHS.

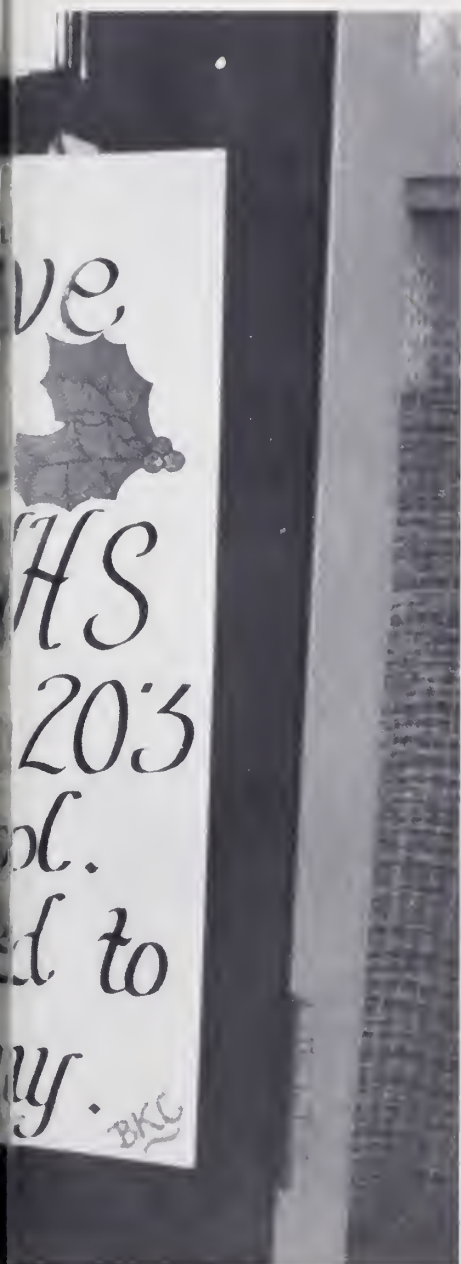

The members of each year's organization work diligently to live up to the club's motto of "Nobeese Oblige." To encourage scholarship, the NHS posted the honor roll after every grading period and conducted weekly math workshop under the guidance of honorary member Mr. Payne. NHS promoted leadership by sponsoring an annual leadership workshop; this workshop not only familiarizes club members with parliamentary procedure and member responsibility, but also offers help with fund raising and group dynamics. This year's workshop could not have been as successful as it was without the aid of Ms. Mercer, honorary members Mr. Ammons and Mrs. Egas, and Mrs. Chapell, the NHS sponsor.

Each year, the Society chooses different service projects. This year's Society planted dune grass in late November along with the Key Club and the Junior Civitan on 54th street to help prevent the erosion of sand dunes; and, during December, the club sponsored a toy for the Salvation Army. Finally, to build character, the NHS selects a member of the student body who exemplifies the characteristics of a good citizen but is not in the Society. This student is named Citizen of the Month, and his or her accomplishments are displayed in a showcase in the front hall.

# Drama Club

"We shall survive!" This is the motto of the 1981-1982 edition of the Drama Club adopted. This year the Drama Club was hard at work with their production for the one act play festival. Members, led by the co-presidents Kim Davis and Diane Reardon, Tracy Bruce (vice-president) and Brian O'Sullivan (secretary/treasurer), shared in the experiences of putting together stage productions, make-up, prop design and last plain good times as the Drama Club has been so famous for in the past.

Membership in the Drama Club is open to anyone who shows an interest in acting, lighting or any other aspect of the theatre. The club is sponsored by Mr. Dan Gunn, and their message to Kalam in '82 is: "We shall survive!"

The Kellam Chapter of the Distributive Education Clubs of America is a professional organization that enhances the Marketing and Distributive Education career field. Activities in this program of work include four major projects based on the four points of the DECA Diamond, they symbol of DECA. The four points of the diamond are Civic Consciousness, Social Intelligence, Vocational Understanding, and Leadership Development.

In addition to chapter projects DECA members compete in indi-

vidual competitive events based on their career interests. The competition is held on District, State, and National levels. Students also compete for various college scholarships given by supporters of Marketing Distributive Education.

Fun activities are also a part of DECA. Each year the DECA club has picnics, pizza parties and participates in a city wide volleyball tournament. The big event at the end of the year is the Employer-Employee Banquet held at the Tidewater Dinner Theatre.

Industrial Cooperative (ICT) Training is a form of cooperative part-time education designed to provide vocational industrial training opportunities for high school juniors and seniors. The program is a cooperative effort on the part of the school and the local community to afford the student the opportunity to receive on-the-job training in the real world of work.

Students who enroll in the ICT program automatically become members of the Vocational Industrial Clubs of America (VICA) Leadership Club. The VICA club will sponsor and/or participate in various Civic, Educational and Social activities during the school year.

The Roundtable is more than just a newspaper, it is a news magazine that touches not only the students and faculty of Kellam, but it reaches out to everyone who may happen to pick up a copy.

The seven-member staff has worked diligently to meet the interests of its readers. A self-supported paper, the Roundtable depends on ads as a source of income. Each copy is distributed free.

# The Day of the Deadline

(with apologies to Clement Clark Moore)

'Twas the day of the deadline and all  
through the Challenger  
Everything was a hustle, a bustle, alive.  
Layouts were strewn across the room  
without care,  
In hopes that Perry \* would not soon be  
there.

The editor was working at a feverish pace,  
And had the black from her pencil all over  
her face!  
The editor and I, like animals trapped in a  
cage,  
Had just settled down to proofread each  
and every page.

When out on the lawn there arose such a  
clatter,  
We sprang from our chairs crying, "What's  
the matter?"  
Away to bolt the door I hurriedly flew  
Crying, "No, not Perry! Not yet! We're not  
through!"

With a surge of new energy we turned back  
to our tasks,  
When "What's all the fuss?" a voice from  
the typewriter asked.  
"Look out the window," I said, "and tell us  
what you see?"  
'Oh no, it's Perry, and he's looking at me!"

More rapid than an eagle up the stairs  
Perry came  
And he whistled and shouted and called us  
each by name:  
"Hey Dave! Hey Lavora! Come on Keith and  
May!  
Hey Brian! Hey Denise! Hey Julie, David and  
Ray!"

"Open this door! Open it now I say!  
Your time is all gone. Your pages are due  
today!"  
My heart was heavy as I slowly turned the  
knob.  
Remember, I thought, he's only doing his  
job.  
His curls were all tousled as he entered the  
room,  
And said, "Let's get cracking, your pages  
are done I assume."  
"But Perry, you're early," we all cried in  
fear.  
"It's only three o'clock. What are you doing  
here?"

Now for the serious side of the yearbook staff....

Lavora Barnes frequently types love letters instead of  
yearbook copy. Doesn't she look innocent ?

He might not be  
wonders never

After eight hours of yearbook work, both David Clark and the photographer can't seem to focus on anything.

Mr. Jekyll, but he's Keith Burns and he's trying to type; cease.

Davé Warren smiles as she savors the work she is about to pile on the poor, innocent yearbook staff.

But Perry just laughed and went about his work. He checked all our pages and then said with a smirk, "You're fifteen pages short, I'm sorry to say. So get busy and finish. We haven't got all day!"

In panic we shouted, "What happened? But how? We counted five times. We should have met it by now!" In silence and despair we went back to work And struggled and slaved, beneath Perry's smirk.

But finally it was done. All the pages complete. Worn out, but glad, we all sighed, "Success is sweet." Perry gathered his things and strode out the door, As exhausted, we all collapsed on the floor!

Once again we had done it. The deadline was met. But sadly we remembered, there's one more yet! But we heard Perry call as he drove out of sight, "It'll be a good book. Just see if I'm right."

# They Sing Loud And Clear

The Choruses have been very busy this year. The Fall Pop Concert has been added to the concert schedule this year in which all choruses performed pop music hits. The students have worked hard, preparing music for their Winter and Spring Concerts, also.

In addition to the regular concerts, each choral member has a chance to audition and participate in the Regional Chorus, All-State Chorus, and Honors Choir. This year Kellam has been represented by sixteen students in Regional Chorus and two in the Honors Choir.

This year, "The Main Event", a variety show sponsored by the Choral Department, featured new talent from the Kellam student body. The show was a success and the choruses want to thank you for your support of their project.

The Madrigals have had a fun-filled year and they have learned many things. They were well-represented by a first place winning in the 1981 Homecoming Parade. They also worked hard on a musical program to present in the 1982 James Madison Jazz and Show Choir Festival.

The choruses hope they will have additional interest in their programs and classes next year. Anyone interested in joining a chorus class next year, should contact Mrs. Gibson or your guidance counselor.

## Jr. Civitan

Junior Civitan "Helps People", and this year's club has raised this slogan to new heights.

Junior Civitan began the school year by coming in during August, before school even opened, to assist the office staff with schedule mailings and to make Survival Kits for the teachers.

In September the club sponsored a tea for the teachers, while in October the club spearheaded a blood drive with the Red Cross, observed National Bus Drivers Week by honoring the Kellam busdrivers, sold homecoming mums, and held Sunwheelers Nights at the Kellam versus Green Run game. Planting dune grass and selling fruitcake at Pembroke Mall were November club activities, while December activities included Teacher Secret Pals, a Big Stocking Contest.

Junior Civitan planned among other things, Valentine's Goodies for the teachers, a Saint Patrick's Day Carnation sale, and an Easter Basket contest. The club's main projects for the spring were International Tag Day, in April, when the club raised money for Special Olympics, and the club's bi-annual Red Cross blood drive. Junior Civitan is a club that truly believes in "People Helping People."

Coach Morris smiles bravely as he prepares to give blood.

# Knights of Christian Fellowship

Knights of Christian Fellowship: left to right: Daphne Fleege, ?, Fred Stemple, David Bridges, Robert Palmer, Lisa Taylor, Matt Werle, Mr. Ammons, Teresa McClellan, Lisa Williams.

This year, Knights in Christian Fellowship joined the ranks of Kellam's student organizations when two students, Lisa Williams and Teresa McClellan, felt a need for a prayer group and took the measures necessary to begin one. The purpose is not only to unite Christian students in Kellam in fellowship, but also to help them in their Christian walk through studying the Bible and prayer.

The Fellowship, a nondenominational group, meets every Monday, Wednesday and Friday morning in Room 155 for a brief Bible study that is applicable to Christian high school students and ends each morning with a prayer. On occasion, the members are treated to the leadership of their sponsor, Mr. Ammons, or Mr. Wicks in Bible study. In order to promote Christian fellowship, the Knights sometimes meet in the homes of members and have a coffee-house type gathering with music, food, and Bible study. The Knights in Christian Fellowship invite and encourage all Kellam students to join this growing organization and start each day off the right way.

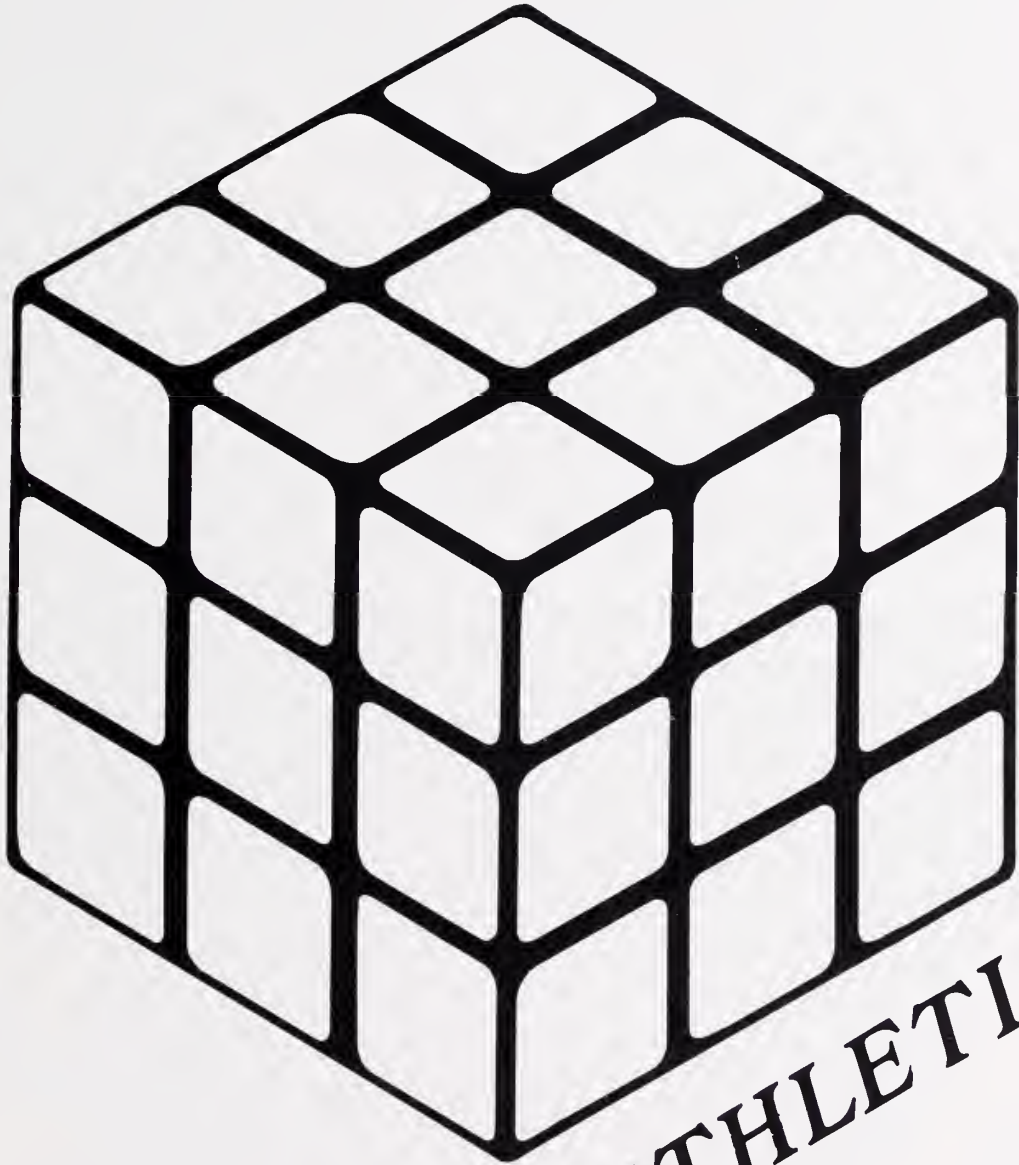

Competitive sports are a large part of a school's activities. The athletes themselves are not alone in their anxiousness before games. The entire student body tries to rally in support of our teams. The teams do not have to be winners for the athletes and the spectators to come out on top.

Many students spend hours after school huffing, puffing, and sweating in preparation for upcoming games. It takes hard work and skills ranging from the gracefulness of gymnastics to the hard hitting of baseball and softball.

The hard work of this years' athletes didn't always pay off with big wins. The pay off came through the satisfaction of knowing they gave their all. Juniors and sophomores look forward to next year when they can again give their all for their teams.

To many students, participation in athletics is a way of meeting other students and learning about working with others. The cooperation and communication skills learned through the interactions of team sports are useful. It will be necessary to use these skills in college and at work.

Athletics are more than making touchdowns and shooting baskets. The challenges of competition provide rewarding experiences for all involved.

Up, up and away!

Two Knights spend some time warming the bench.

Before the season began, the Knight's head coach, Garrett, expressed the feelings of the Knights as, "People will give you one or two years, but then they expect you to win. At this time, we want to be in every ball game, and make some improvements. But our ultimate goal is to win the Beach title and go from there."

Garrett, along with assistant coaches Micheals, Lambiotte, and Sereno, have given their all to the Knights. The Knights, in turn, have given it their best shot.

Top returnees include Jimmy Bowman, Wallace Drake, James Driscoll, Stewart Haynes, Greg Scheer, Ray Tourbin, James Videll, Stanley Hill, Brandon Jenkins, and Rick Lenczewski. The best newcomers include Greg Holland, Hubert Horton, Eric Woodhouse, James Snowden, Tony Neydon, and Jeff Cundiff.

Dedication is what has kept the Knights in pursuit of their goal — to TAKE IT TO THE TOP!

## Pat D'Amico and Paul Miles

Cross Country is distance running over hilly terrain measuring 3.1 miles long. The players must be conditioned to run over hills, on straight aways, and to pace themselves. It is an individual's sport which requires not only physical but also mental conditioning.

Although the Kellam Cross Country team has won no dual meets and ended the season with a 0-6 record, the team has done well individually.

Senior, Paul Miles has contributed greatly to the team. He placed first in every dual meet, with the exception of one due to injury, and second to the best runner in Tidewater. 16.38 was his best score for the year. Paul also placed in 24 out of 146 Regional tournaments on November 6.

Other members include Seniors Pat D'Amico and Ben Cason, and Sophomores Eric Cooper, Jimmy Webster, Robert Ivey, and Roger Grimes.

The 1982 Kellam wrestling team finished the season with a record of three wins, eight losses, and one tie. The team was in fifth place.

In the Beach district tournament, Kellam was well represented by Jimmy Bowman who won first place. Eric Woodhouse, Scott Matyiko, and Tony Neydon each finished third while Jeff Allgor and Chris Avii finished in fourth place. Jimmy Bowman went on to win a regional championship. He lost a tough decision in the state finals at Green Run High School.

This year's gymnastics team was the smallest it has ever been. Each member gave their opponents tough competition although the team did not always win. The team won its first meet, against Princess Anne, in three years. Janine Lowery continued as team standout and Kirby Malbone showed great improvement. The team will have experienced returnees next year in Susan Griffin and Chris Rogers.

Janine Lowery is on top with uneven bars routine.

Kirby Malbone concentrates on her next move.

# Best In 20 Years

The 1981-1982 Basketball season was the best season Kellam has ever seen. The team won more games than any Kellam team has won in its 20 year history. Seniors, Junior Kelly and Kent Wade combined high scoring and good defense to add to a well rounded team. Cocah Caruthers looks forward to next year with the return of key players such as Roger Burnham, who was a high scorer as well as defensive standout, Tracy Shaw, whose outside shooting added excitement to all the games, and Roland Foreman, who was a second semester standout. Also returning will be the team's tallest players' Tim Christian, Billy Holcomb, Robert Wadsworth, and Ken Gilbert. Other sophomores are expected to be good, strong players next year.

# A Rough Season For The Lady Knights

Waiting to see two more on the scoreboard.

The Lady Knights hussle for the ball.

It's tip-off time once again!

Girls Basketball Team: first row: Lynn Mueller, Trina Hairston, Andy McLaurin, Valerie Gowins, Lori Green, Margret Baird, Yvonne Wade, Coach Durant, second row: Bridget Baird, Kellie Bowman, Aleta Cason, Glenda Newman, Kathie Nance, Mary Anne Canon, Sherri Floyd.

# Building For

The Lady Knights had a disappointing 1981-82 season. The girls did, however, end the year on a high note with two wins over Princess Anne. Although their record was 2-13, the girls saw the year as a building one and look forward to next year and the return of many key players. The team was paced by the high scoring and good defensive play of Kelly Bowman.

Sherrri Floyd and Bridget Baird are determined

to get that ball!

Kellie Bowman seems to be trapped!

# Boy's Soccer

Melvin Bridges defends the goal.

The Boy's soccer team worked very hard this year as all of Kellam's athletic teams have. The team was mostly sophomores and juniors. Even with a relatively young team, the team did well in the very competitive Beach district. Junior, Todd Tourbin was the team's captain and leading scorer.

Boy's soccer team: Front row: Ray Tourbin, Edgar Toroc, Tim Hayes, Saeed Sooudi, Second row: Buddy Bachs, Rusty Meeker, Keith Bybee, David Gilespi, Todd Tourbin, Back row: Richard Payne, Tim Wilkinson, Doug Larsons, Bob Griffin, Mike Mohrana.

# Soccer

Campbell dribbles downfield.

The girl's soccer team had a much improved season under thier new coach Miss Kinzel. Miss Kinzel, a former Miss Knight, led the girl's hockey team to a winning season, and was pleased that her soccer team enjoyed the same success. The Knights were led by a strong team of eight seniors, five juniors, and seven sophomores, and due to their strong showing this year Miss Kinzel expects an even better season next year.

Cheerleaders go over the evening's program.

Lynn Mueller and Mike Hanley battle it out in the Ping-Pong Tournament.

# Girls Track

The girls worked extremely hard and the team had some superior talent. However, the shortage of team members hurt the season. Many times one girl was placed in an event against four or more opponents. There were other times when a race had to be forfeited for a lack of enough girls to run a relay. Annita Epps was the team captain and the most outstanding member. Earlier this year, Annita won the state championship in the 55 meter hurdle.

Girl's Track: Valerie Gowens, ?, Lisa Kelly, Janine Lowery, Susan Francis, Linda Hill. Middle row: Patty Lesko, Barbara Sherrell, Tracy Bartlett, Lisa Anderson, Krissy Patterson, third row: Travey Davidson, Andra Kjar, Jenny Benson, Kathy Nance, Gloria Woodhouse, Coach Torok.

Arnita Epps won the State Championship in the 55 meter hurdle and set a new state record.

# Boy's Track

Boy's Track: First row: Richard Grimes, Gary Kline, Roger Grimes, Rick Lenczewski, George Tabors, Eric Cooper. Back row: Peter Battle, ?, Kevin Warren, Tim Owens, Brandon Jenkins, Jim Webster, Paul Miles. missing from picture: Wallace Drake.

Enthusiasm and determination led the boy's track team to a rewarding season. The long hours of practice has paid off in the long run Paul Miles, Wallace Drake, and Rick Lenczewski had great individual performances.

Well Herb,  
What can I say?  
We've been <sup>CEMENTED</sup> how  
together. I've memorized every  
piece of trash between here and  
Vo-Tech, and you found all the  
holes. We had some pretty good  
times, too and we'll probably  
have some more. I  
don't have to  
tell you

# The Softball Team

Sue Ewell has a stare-down with her bat in preparation for her swing.

Batting practice is an important part of softball.

This year proved to be a great experience for the young girl's softball team. The girls did well in the competitive Beach district, as usual, and will have many returning players to lead Kellam to a probable State Championship.

The softball team: Kim Mitchell, Donna Navau, Annette Morrison, Lori Green, Bridgette Baird, Kriasy Patterson, Kathy Deyo, Sue Ewell, Margaret Baird. Back row: Michele Moody, Gina Williams, Tina Clark, Lisa Holcombe, Shari Savage, Yvonne Wade, Barbara Sherell.

# A Learning Season For Golfers

Joel Ashe practices his swing with concentration.

This year's golf team consists of six Juniors and three Sophomores. The returning lettermen are Kenny Dieter, Joel Ashe, Jeri Hodge and Tony Allen. This will be a learning year with the underclassmen.

Golf team members: Jim Dorman, Fred Stemple, and Kene Dieter.

# Here Today . . . Professional Tomorrow

Infielders: First row: Don Grigolite, Wayne Davenport, Marty Jones Second row: Greg Scheer, Todd Barnes, Eric Henry, John Jones, Mike Kelly.

Pitchers: Top to Bottom. John Jones, Todd Barnes, Greg Scheer, Mike Kelly, Eric Henry.

Outfielders: Terry Hogge, David Wells, Bart Morrison, Thad Mason, William Hoggard, Brian Bolton, Jim Jupe, na, Tom Felch

The Kellam baseball team entered the 1982 season with twenty-one returning players from last year's team and high hopes of returning to the top of the Beach District standings. After winning the championship in 1979 and 1980, the Knights tied for third place in 1981 with a team having only three returning senior players. This year's team should benefit from the playing experiences of the sophomores and juniors from last year's team.

Returning seniors include, Eric Henry, Mark Hogge, Tony Neydon, Donald Grigolite, Mike Kelly, Marty Jones, David Wells, Jim Driscoll, Bart Morrison, and Brian Bolton. A talented group of juniors is led by Greg Scheer, Lenny Snyder, Wayne Davenport, Todd Barnes, John Jones, Jim Jupena, Thad Mason, Tom Felch, Terry Hogge, Jim Bucholz, and Brian Bolton. Several promising sophomores appear to be able to contribute to the team's success.

With the quality and quantity of players on this year's team, the Knights should be in the thick of the district race. With hard work and dedicated effort, they could put Kellam at the top of the standings once again.

Dear Jim-Bob WEBESTER, <sup>HA!!</sup> (I'm sorry, I promise not to call you that EVER again!)

I had ALot of fun this year, mostly at your EXPENSE (But I know you LOVED it!) It was a real Blast destroying your locker twice a WEEK. I hope you know that I've drawn so many bowling pins and balls that I could probably make a career out of it!! I heard that they sent you to TPI to try to reform your wife beating ways! I hope they Succeeded. I always knew you were a little strange, I mean anyone who keeps soggy toast in his locker ~~can't~~ can't be but so right! Next year don't forget to give me and Gail your combination, we know you'd be totally depressed if you went a whole year without seeing the wife and (Hm) kids.

You're really CRAZY, sweet, and just and all around great guy (LIE LIE!) Don't EVER change! I hope I see you at the beach this summer (Yes, I go to the beach!) and get a look at your ~~nice~~, great, fabulous legs! I know you probably get tired of hearing that but you know I wouldn't say it if it wasn't true! Well I guess I better go, I didn't mean to write a book but...

I REALLY hope we have some classes together next year or lunch or something! Call sometime 426-2739. It's NOT long distance!!

Take care  
of grandma

Volume Twenty of the **Challenger** was published by Hunter Publishing Company of Winston-Salem, North Carolina. Each of the eight hundred fifty copies printed contains one hundred ninety-two pages, with eight 4-color pages. The cover is maroon lexitone, with a grey mylar hot stamp.

All body copy is 10pt 2pt Eurostile with bold print. All captions are 8pt 2pt. Group identifications are 8 pt. Headlines are American Typewriter.

Dividers were drawn by Monica Winfree. Photography is done by May Bugtong, Davé Warren, Lavora Barnes, and School Pictures Inc.

Special thanks go to Mr. Ammons without whom I would be lost, the secretaries in the office: Mrs. Boomer, Mrs. Futch, and Miss Allen, who put up with all my complaints and problems, my mother and father, for all their love, support and patience. Thanks to all.

Well, it's finally over! While sitting here at my desk, I keep asking myself — was it worth it? The missed lunches, the five minute dinners, the panic before deadlines, the fallen grades, and the sleepless nights? It's difficult to decide. But the more I think of the hard work and the sacrifices, the more I appreciate the ultimate accomplishment — this book. I've scratched and clawed my way through bureaucratic red tape, student apathy, and staff unrest in order to produce the best possible yearbook under the circumstances. This is the finished product.

I could never have done this alone. Teamwork made this book possible, specifically my assistant editor, Lavora Barnes. Thank you so much, you made my life much easier by your dependability and understanding, plus working with you was a remarkable experience. And you too, Julie, David, and Keith (Keifer); none of the three of you can type, but who cares, maybe someday you'll all be typists par excellence just like the staff you made up. I love you all, and good luck in everything you try.

Love  
Davé

Jim -

You a real sweet guy and  
 I'm glad I got to know you this  
 year. School has it been that  
 exciting but softball was  
 with you running around  
 the track! Somehow you  
 brightened up practice. Somehow  
 a great summer and I  
 hope to hear from you (436-5035)

Love,

Jim D.S.  
 Ima I love you  
 love

Jim,

I must say, you are the  
 most casually cool guy I have  
 every met. When I first met  
 you last year in Biology, I thought  
 you were a pretty cool guy. Now, you've  
 reinforced that idea. Thanks for climbing  
 up a pine tree at 8:00 clock for pine  
 cones. I'll see you at the beach catchin'  
 waves. Stay running, but we're only doing that  
 for a hobby. Girls are what we want  
 for a career. Have a  
 great summer friends,
